

## **PRAYER FOR THE BICENTENARY JUBILEE**

### **CREATOR, CREATING GOD**

We thank you for our rich heritage and the call to union  
entrusted to us by Fr Debrabant  
and our founding women and early sisters.  
Bless all who collaborated with our sisters throughout our history  
and those who continue to support us today.

### **EMMANUEL, GOD WITH US**

You have journeyed with us, and we are grateful  
for the seeds you have sown through us as Holy Union Women.  
In this time of jubilee, we also acknowledge our failings,  
and regret any divisions among us.  
We trust in the power of your forgiving and healing love.  
Watch over us as we continue to live our charism,  
“at the heart of the world” with all creation.

### **LIFE GIVING SPIRIT**

Strengthen our zeal for mission, as we continue to journey  
and minister with others,  
celebrating who we are as Holy Union women,  
moving into the future with hope.

**AMEN**
